Welcome to Dover Elementary School

Dear Parents and Students,

Welcome to a new school year. Dover Elementary School is a pre-K through fifth grade school. The beginning of another school year is an exciting and hopeful time for both parents and students. On behalf of the faculty and staff at DES, I would like to extend our best wishes for a productive, meaningful school year as well as an invitation to work together to make our school the best it can be.

When your child is absent from school, please let us know by either sending a parent note, a doctor's excuse, or by phone call the next day.

This handbook is designed to provide information about the school’s policies and procedures as well as answer any questions you or your child might have. Listed below are important points of interest for the 2009-2010 school year:

- **Positive Behavior Support (PBS):** PBS is a research-based, data-driven program that enforces positive student behavior while maximizing student achievement.
- **PBS Ticket Trade:** Tickets are given to students as a reward by the faculty, staff and bus drivers. Bus drivers distribute bus bucks which are equivalent to one ticket and may be redeemed for ticket trade items or exchanged for a Good Behavior Bus Safety Pencil. Students are expected to follow the three rules: Be Prepared, Be Respectful, and Be Responsible. The school wide expectations/bus expectations for these three rules are taught at the beginning of each school year. Booster training occurs as needed depending on the areas showing most problems. Students collect and save tickets to exchange for prizes. Ticket trade occurs on the Friday following the six weeks awards assembly.

- **School-Wide Rules:** DES will now be governed by three basic school-wide rules.
 1. Be respectful
 2. Be responsible
 3. Be prepared
- **Computer Lab:** DES has two computer labs, which have a variety of educational software programs for students in pre-k through 5th grade. The computer labs are available for students before and after school as well as at scheduled times during the day.
- **Voicemail:** Voice mail is available for all teachers to receive telephone messages from parents. Messages can be left at any time and will be returned within 24 hours.
- **Family Engagement:** DES is a “family-friendly” school. We encourage participation by family members at all levels of the decision-making process. Please read our Family Engagement Policy and make a commitment to become more involved in your child’s educational program.

This year presents the opportunity for both students and parents. Please feel free to contact the administration or your child’s teacher if you have questions or concerns.

Sincerely,
Bryan Saunders

GENERAL INFORMATION/POLICIES

School information may also be obtained from our website:

www.stewartcountyschools.net

ACCREDITATION

Dover Elementary School provides a quality educational program for all students. The school meets the state standards for public schools in Tennessee. Dover Elementary School is fully accredited by the Commission on Elementary and Middle Schools Southern Association of Colleges and Schools.

ATTENDANCE POLICIES AND PROCEDURES

(State and County policies included separately on pages 20-22)

Absence From School

Prompt and regular attendance is essential in order to derive maximum benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility. There is a direct relationship between poor school attendance and academic failure.

The faculty and staff at Dover Elementary School believe that each school day is important for mastering the curriculum set by state guidelines. This curriculum is also the basis for the

Tennessee Comprehensive Assessment Program (TCAP). If students are not at school, we cannot teach them. It is by law the parents' responsibility to see that their children are in school on time each school day. Sickness, deaths in family and medical appointments are all valid examples of excused absences. If your child has a fever or is in an infectious phase of a contagious disease we ask the parent to keep him/her at home.

Parents should telephone the school or send a note by their child explaining the absence(s) upon the child's return to school. The telephone message or note should convey the following information: student's name, parent's name, date of absence, reason for absence, teacher's name or grade.

Students are responsible for making up missed assignments when absent. Incomplete assignments due to absence will result in an incomplete on the report card. Work should be made up within five school days (upon returning to school). After this time, an incomplete will be recorded as a failure. Only in the event that absences exceed three consecutive days will homework be collected and sent home. Following three consecutive absences, parents may call the school and request missed assignments.

Early Dismissal

Parents may pick up students early by coming to the office prior to 2:15. Please be aware that an early dismissal is also a tardy and is discouraged. **For dismissals after 2:15, parents should go to the pick-up line to the right of the building.** Only those persons listed on the emergency card will be allowed to obtain an early dismissal for a student. Any person picking up a student should be prepared to present identification.

Excessive early dismissals from school are discouraged. Instructional time is very important to your child's education. The end of the day usually is a time for last minute instructions, announcements, and homework assignments. It would be of great benefit for your child to be present at this time.

Emergency Dismissal

School may be canceled in advance of the scheduled day. In such cases, the School Reach phone call system, local radio and television stations (channels 2, 4, and 5) will carry the notice of cancellation. Parents can also call 232-4000 for school closing information.

In case of cancellation during the school day, we will release buses and car riders at the time designated by the central office. A form will be sent home with each child to determine where he/she is to go if school is dismissed early. If we do not have this information on file, students will be instructed to dismiss as they normally do.

Tardiness

Morning classes begin promptly at 7:45 A.M. Excessive tardiness causes disruption to teaching and learning in the classroom. It is the parents' responsibility to see that children arrive at school on time. **Unless you are in your classroom at 7:45, you will be considered tardy and must get an admission slip from the office.** Excessive tardiness may result in referral to the Truancy Review Board.

Truancy Review Board

The Stewart County Truancy Board is a body of concerned citizens who recognize the necessity of regular school attendance. This is a joint effort by the school, juvenile court, law enforcement, and community health agencies. The mission and purpose of the Truancy Review Board is to:

1. Insure compliance with compulsory attendance laws and Board of Education policies.
2. Send a generalized message to truancy population that compulsory attendance laws will be enforced.
3. Advise and educate parents of their rights and responsibilities.
4. Reduce amount of dropouts and retention rates due to non-attendance.
5. Decrease time of Attendance Supervisor for prosecuting cases in court.

This board is in effect and will meet once a month on Wednesday mornings at the Stewart County Court House. Referrals to the Truancy Review Board will be based on students who have demonstrated a history of truancy. For more information please contact Marian Page at 232-5176.

ASSEMBLY PROGRAMS

Assembly programs are usually held within days of report cards being sent home to recognize those students with outstanding achievement. Notification of assembly dates and times will be noted on each report card and posted on the school sign.

BULLYING/INTIMIDATION

Students shall be provided a safe learning environment. It shall be a violation for any student to bully, intimidate or create a hostile educational environment for another student. Bullying and intimidation are defined as either physically harming a student or damaging his/her property, or knowingly placing the student in reasonable fear of such, or creating a hostile educational environment. This includes conduct taking place on school grounds, at any school-sponsored activity, on school-provided transportation, or at any official school bus stop immediately before boarding and immediately following de-boarding.

Alleged victims of the above-referenced offenses shall report these incidents immediately to a teacher, counselor or building administrator. Any allegation shall be fully investigated by a complaint manager.

The privacy and anonymity of all parties and witnesses to complaints will be respected. However, because an individual's need for confidentiality must be balanced with obligations to cooperate with police investigations or legal proceedings, to provide due process to the accused, to conduct a thorough investigation or to take necessary action to resolve a complaint the identity of parties and witnesses may be disclosed in appropriate circumstances to individuals with a need to know.

A substantiated charge against an employee shall result in disciplinary action up to and including termination. A substantiated charge against a student may result in corrective or disciplinary action up to and including suspension.

There will be no retaliation against any person who reports harassment or participates in an investigation. However, any employee who refuses to cooperate or gives false information during the course of any investigation may be subject to disciplinary action. The willful filing of a false report will itself be considered harassment and will be treated as such.

CURRICULUM

Dover Elementary uses the State of Tennessee Curriculum Standards and The Blueprint for Learning as the basis for instruction. More information is available on the state website: www.state.tn.us/education

DISCRIMINATION/HARASSMENT OF STUDENTS

Discrimination/harassment toward a student by an employee or another student will not be tolerated. Discrimination/ harassment is defined as conduct, advances, gestures or words either written or spoken of a sexual, racial, ethnic, or religious nature which:

1. Interferes with the student's work or educational opportunities.
2. Creates an intimidating, hostile or offensive learning environment.
3. Implies that submission to such conduct is made an explicit or implicit term of receiving grades or credit.
4. Implies that submission to or rejection of such conduct will be used as a basis for determining the student's grades and/or participation in a student activity.

Victims of discrimination/harassment should report these incidences to an appropriate school official. Confidentiality will be maintained and no reprisals or retaliation will occur as a result of good faith reporting of charges of discrimination/harassment.

In determining whether alleged conduct constitutes discrimination/harassment, all of the circumstances, including the nature of the conduct and the context in which the alleged conduct occurred will be investigated. The principal shall be responsible for investigating all complaints of discrimination/harassment. If satisfactory resolution of the complaint is not reached, the student may appeal the matter to the Director of Schools, and ultimately, to the Board of Education.

DRUG-FREE ENVIRONMENT

In order to protect the rights of students, to safeguard the learning environment, and to contribute to a drug-free community, students will not possess, distribute or be under the influence of illegal drugs or alcoholic beverages in school buildings or on school grounds, in school vehicles or buses, or at any school sponsored activity at any time, whether on or off school grounds.

Upon information that a student is suspected of violating this policy, the principal of the school shall be notified immediately. If it is determined that this policy has indeed been violated, the principal shall notify the student's parent or guardian and the appropriate law enforcement officials. A student who unlawfully possesses any narcotic, stimulant, prescription drug or other controlled substance shall be subject to suspension for a period of not less than one calendar year. The director of schools shall have the authority to modify this suspension requirement on a case-by-case basis.

ELL POLICY STATEMENT

The English as a Second Language (ESL) Program Policy is designed to set minimum standards for Tennessee school districts in providing services to non-English language background (NELB) students who are also limited English proficient (LEP). These students are referred to as English Language Learners (ELLs).

States, districts and schools are required to provide specialized programs for LEP students to comply with Title VI of the Civil Rights Act of 1965 and T.C.A. 4-21-90. This ESL policy has two purposes. First, it establishes the minimum required compliance components for ESL programs in Tennessee. Second, it provides a framework for implementing effective educational programs for ELLs. The Policy includes these components: anti-discriminatory policies and practices, identification of English Language Learners, parental notification and rights, service delivery models, and staffing ratios. For more information, contact Mrs. Marian Page at the Board of Education, 232-5176.

FAMILY RESOURCE CENTER, STEWART COUNTY SCHOOLS

When school systems create resource centers devoted to parent's needs they provide a signal that parents are welcome in the building. These centers typically are places where parents can gather informally, receive free educational material, and receive information on school-related issues. In some cases resource centers sponsor classes or workshops for parents. The Stewart County School & Family Resource Center is located in rooms E6 and E7. We have many educational games, file folder skill games and educational CD's for parents, students and teachers. Please feel free to visit the Dover Elementary Family Resource Center. Stop by the office for your visitor's pass and see the many resources available to you and your children. This service is provided to you by the Tennessee Department of Education, Title 1, and the Stewart County School System. Our Family Resource Coordinators are Nancy Spiers and Gayle Lee. They can be reached by calling DES (232-5442) or by email at nancyspiers@stewart.tn.us or gaylelee@stewart.k12.tn.us.

FUNDRAISING

School Fundraising

Dover Elementary School students and parents are asked to take part in two school wide fundraising events per year. The first fundraiser is with the USA Fundraising Company and will begin in August. This is our largest fundraiser for the year. The second fundraiser will take place in the spring. The DES Advisory Council has approved both of these fundraisers. Participation on the part of every student is encouraged, however, it is optional. Any parent wishing to donate money instead of having his/her child take part in

the fundraiser is welcome to do so. DES will receive one hundred percent of any donation that is given.

Student Fundraising

Various school clubs or organizations may have limited fundraisers within the school year. Fundraising by students is not allowed during class time. Students may only solicit support from faculty/staff members before or after school hours, or during a staff member's planning time.

GRADING SCALE

Report cards will be sent home six times a year. Report cards go home five days following the end of the grading period. Parents must sign and return the cards to the classroom teacher. Dover Elementary has adopted the following grading scale for grades 2-5.

- 100. A (outstanding)
- 89. B (above average)
- 79. C (average)
- 72. D (below average)
- Below 70 F (unacceptable)

GUIDANCE AND COUNSELING

The guidance counselor is Mrs. Gayla Grise and her office can be reached at 232-5442. Her office is located in the main office area and provides a setting for individual students, small groups and families to conference with her or other staff to ensure that all students are successful and happy in school. She offers a comprehensive, developmental program that includes classroom guidance, small group sessions for students with common concerns, and individual counseling. This counseling is based upon the belief that each person has the right to respect and dignity as a unique human being, the right to self-direction and self-development, the right to privacy, and the responsibility for decisions reached. Parents can call her at any time to set up a phone conference or a conference at school.

HEALTH SERVICES *(Code 6.401 TRR/MS 0502-1-3)*

Medication *(Code 6.405 TCA 49-5-415)*

Students are NOT permitted to bring prescription or non-prescription drugs to school. All medicine must be brought to the office by the parent or guardian. Forms must be completed by the parent or guardian and/or physician in order for any medication to be administered to the student.

Immunizations *(Codes 6.203, 6.402 TCA 49-6-3008(b), TCA 49-6-5001)*

All students enrolling in the State of Tennessee must have their immunizations up-to-date. Shot records can be taken to the Stewart County Health Department. They will in turn give the student a “green form” which is proof of immunizations.

Lice Screenings

The school nurse will conduct lice screenings in all grades. All new students may be screened upon enrollment.

Student Health Screenings Notification

As required by the Tennessee Department of Education, Vision, Hearing, Blood Pressure and Body Mass Index Screenings will be provided for students in grades K, 2, and 4. Dental Screening is also provided. These are usually conducted in September or October and results that indicate the need for a more thorough medical evaluation will be mailed to parents.

Great care will be taken to ensure each student’s right to privacy. These Screenings do not qualify as an examination and parents are encouraged to make sure your child has annual medical check-ups as well as bi-annual dental check-ups. Any questions regarding this free service or requests to have your child excluded from any part of the screenings may be directed to the school nurse.

If your child does not have health insurance, please contact your school nurse for information about enrolling in TennCare or call 1-800-280-8682 to inquire about eligibility.

INVOLVEMENT IN SCHOOL PLANNING

Advisory Council

Dover Elementary School involves all stakeholders in the decision making process. The decision making team (Advisory Council) at DES is comprised of teachers, parents, administrators, and staff members. Meetings are held when necessary in the school library. Anyone wishing to attend a meeting or address the council should contact the school at 232-5442 to be placed on the agenda.

School Improvement Planning

School improvement is a continuous process utilized in Tennessee schools to ensure that schools are meeting all students’ needs. School Improvement teams are one way to begin building the professional learning communities needed to support the continuous improvement effort. These teams are charged with learning to effectively use data to determine student performance goals and to use research to identify strategies and interventions to achieve these goals. School-wide planning includes all constituencies involved in the school. The quest for tools to improve student learning will be sustained throughout the continuous school improvement process. Each school develops or updates a School Improvement Plan every year. If you would like to be a part of your child’s School Improvement Planning Team, please contact the school’s administration.

Effective Schools Survey

Part of the information used for the School Improvement Plan is obtained through this survey sent home

in November. If you do not receive this survey, you may contact Leta Joiner at the Board of Education, 232-5176.

Parent Teacher Community Organization

The objective of the PTCO is to promote the welfare of all children through a working partnership among the parents, educators, and the community at large. We encourage everyone, parents and community members alike, who are concerned about the welfare of children, to use PTCO as a means for becoming involved in education. The PTCO sends information home at the beginning of each school year about their activities and how to become a member.

HOMEWORK POLICY *(Code 4.6011)*

Homework is the out-of class tasks that a student is assigned as an extension of classroom work. This is not to be confused with guided practice that is often done near the close of the class period. Homework which is properly designed, carefully planned, and geared to the development of the individual student enhances the education of students. Among the important purposes for homework are the following:

1. To reinforce/supplement classroom work
2. To instill responsibility in the student
3. To prepare students for upcoming class topics
4. To teach student to work independently
5. To demonstrate proficiency
6. To teach students organizational and time-management skills

In order to be meaningful, this homework shall be assigned along the following guidelines:

1. All homework should be graduated in the amount and type according to the needs and the abilities of the students involved.
2. All homework should be meaningful in content and quality and designed as a worthwhile supplement to good classroom teaching and not given as busy work or punishment.
3. All homework should be designed to help teach good habits and techniques in independent study.
4. There should be flexibility and differences in the assignment to individual students. These should stem from real needs and the consideration of the total educational background of the individual student.
5. Homework should be reasonable in view of the student's situation. Health, housing conditions, extracurricular activities, outside work or responsibility, leisure time activity, and conflicting demands of home and school should not be allowed to become a frustrating and damaging combination for the student.

6. Homework should not be used to replace or reduce supervised study, which should take place during school hours. This type of study usually achieves better results than homework.
7. Homework is more effective if a conference with the parents results in understanding of purpose and ways in which help at home can best be offered.
8. There should be a cooperative effort on the part of teachers to coordinate homework assignment so that students are not overburdened with excessive quantities of homework. (Special efforts should be made to evenly disperse assignment in order to avoid overloads at some times and no homework at other times.)
9. When a teacher decides that a student is developing a pattern of not completing homework, the teacher shall notify the student's parents.
10. Homework shall not require the use of reference material not readily available in most homes, school libraries or the public library.

Quality of homework

1. The teacher should accept responsibility for making sure students understand not just what is to be done but why and how it should be done. The assignment must have a legitimate educational goal; it shall not be used as punishment.
2. This type of homework assignments should be designed to help students develop a variety of study skills. These could be reading assignment, written homework, drills or long-term projects.
3. All completed homework shall be examined by the teacher and student and mistakes should be corrected.
4. The work should be meaningful to the student.
5. Students should be able to complete homework in a reasonable time. The time frame varies according to age, level of material, difficulty, and student ability.
6. All written homework must be neat and represent the student's ability.

Evaluation of Homework

Teachers must ascertain that all students understand the evaluation procedures. Students expect and deserve recognition of the work they have done, so therefore, the work should be evaluated. This evaluation should be in one of the following forms:

1. An appropriate oral or written comment
2. Sharing with the class, another class or principal
3. Class discussion
4. Independent or class project
5. Formal grade given by the teacher. Among the criterion used for evaluation will be:
 - a. completeness
 - b. correctness
 - c. weight factors determined by the teacher
 - d. did student follow instructions

KINDERGARTEN REGISTRATION

A kindergarten pre-registration is held in the spring of each year. If you have a child that will attend kindergarten next year, please plan to attend this meeting. The date and time of this meeting will be well advertised in advance.

PARENT-SCHOOL COMMUNICATION

If parents have a concern about their child's experience at Dover Elementary School, they are strongly encouraged to communicate that concern with the school. Effective education is built upon open communication. We are sincerely concerned about any problems, which might arise during the year. We may not always see eye-to-eye on every concern, but we will listen.

If a parent would like to request a meeting, normally a child's teacher is the first point of contact. A note asking the teacher to call a specific number at a designated time often works well. If you telephone, you may ask for the teacher's voice mail. The office staff will gladly connect you to the teacher's voice mail. Teachers are required to check their messages at least once a day. If you would like to request a conference, a time will be set up to speak with the teacher during his/her planning time. It is the policy of Dover Elementary School to not interfere with a teacher's instructional time unless absolutely necessary.

If after speaking with your child's teacher, you are not satisfied or the problem is not resolved, you may want to request a meeting with the administration. This can be set up by calling the school and speaking with the Principal or Assistant Principal.

PARENT-TEACHER CONFERENCES

Parent-Teacher Conferences are a valuable way of keeping up-to-date on your child's progress and learning what you as a parent can do to help them. There is at least one school wide conference scheduled each year. **This year there will be one on Tuesday, October 6 from 3:00-8:00 and also Thursday March 11 from 3:00-8:00.** Parents with concerns should feel free to initiate other conferences by contacting their child's teacher.

At times the teacher will indicate a desire for a conference on the student's report card, or the teacher may contact the parent. A visit to the school may prove to be the best investment of time that a parent can make in their child's education.

PARKING/TRAFFIC

Morning

Buses will unload at the front entrance beginning at 7:10. Car riders should be dropped off at the side entrance in the morning beginning at 7:10 until 7:35. Dropping

students off at the front entrance before then is unsafe due to the arrival of morning buses. Morning car riders should stay in line throughout the drop off process. Starting at 7:35, students may be dropped off at the front door.

Afternoon

Buses will load at the front entrance in the afternoon at 2:45 and 3:00. Car riders will load at 2:32 at the side entrance only. Do not pick up children at the front entrance after 2:15. Buses may block you in and doing so congests the area so that buses cannot park in their normal parking spots. This is also a safety issue as we do not want students crossing in front of moving buses.

PRE-SCHOOL REGISTRATION

Stewart County School System offers preschool services to those children who are four years old on or before September 30 of the current school year and meet eligibility requirements. Income and educational needs are considered first in the selection process. Parents must complete an application to be considered for one of the eighty slots that are available to county residents. For additional information, please contact the Board of Education at 232-5176.

A pre-school pre-registration is held in the spring of each year. If you have a child that you want to attend pre-school next year, please plan to attend this meeting. The date and time of this meeting will be well advertised in advance.

SCHOOL SUPPLIES

School supplies may be purchased from a “bookstore” cart in the front lobby in the mornings before 7:45.

STUDENT RECORDS

Parents have the right of access to their child’s entire cumulative record kept at the school. Children do not have access to these records while they are minors. If you wish to see a record, please make the arrangement through the school counselor. Access is available to both natural parents regardless of their present marital status unless the school is otherwise directed by a court order. Besides parents and staff with a need to know, no one else is given this information. Additional information on student records and parents’ rights to these records is provided in an additional section of this handbook, beginning on page 23.

STUDENT RULES/GUIDELINES

The note should contain the date, phone number where parent/guardian can be reached, specific transportation instructions, and signature of parent/guardian. **At DES, we strive to provide your child with the safest and most stable environment possible. With this in mind, we encourage you to ensure that your child knows exactly what transportation arrangements have been made for him/her arriving at school each day. In the past, our office has been flooded with calls at the end of the day requesting changes in transportation for students going home after school. Please contact the office before 1:45 to request the change of a student's bus number for that afternoon. This ensures enough time to notify the student of the bus change before the dismissal of school.**
12. Please check the lost and found located in the gym for any item you have misplaced.
13. DES is not responsible for money and valuables brought to school by students.
14. Students are not to place anything on the outside of lockers unless it enhances school spirit or student performance.

Prepackaged Food Policy

The Stewart County Board of Education recognizes the importance of volunteerism and community involvement as an important part of Home School Relations. Administrators and faculty will consider the health and welfare of students when accepting and serving food items. The Board encourages the use of pre-wrapped treats/reward/party favors and sealed

beverages for birthday and other special events at school. Food prepared off campus by a commercial vendor will be accompanied by a certificate of general liability.

6. Keep aisles and step-off platform clear at all times.
7. The student should never extend any portion of the body outside bus windows. Objects are not to be thrown from the bus.
8. Students are to sit in the seats. Students should not attempt to move about while the bus is in motion but remain seated until the bus stops.
9. Damage to the bus must be paid for by the student/guardian. Bus service will not be provided until this is done or arrangements are made.
10. Regular pickup time schedules must be observed by the student.
11. Students must wait at the proper stop and never stand in the road.
12. Students are to wait for the drivers signal before crossing the road to board the bus. Students are to cross well in front of the bus.
13. Observe driver's instructions when loading or unloading.

Searches and Seizures

Any principal, or his/her designee, having reasonable suspicion may search any student, place or thing on school property or in the actual or constructive possession of any student during any organized school activity off campus, including buses, and containers or packages if he/she receives information which would cause a reasonable belief that the search will lead to the discovery of:

Searches of Lockers

A student using a locker that is the property of the school system does not have the right of privacy in that locker or its contents. All lockers or storage areas provided for student use on school premises remain the property of the school system and are provided for the use of the students subject to inspection, access for maintenance and search.

Searches by Police

If public health or safety is involved, upon request of the principal who shall be present, police officers may make a general search of student lockers and desks or of automobiles of non-students for drugs, weapons or items of an illegal or prohibited nature.

In order to ensure a safe and secure learning environment free of drugs, violence and dangerous weapons, any student who engages in the following behaviors will be subject to suspension for a period not less than one (1) calendar year. Only the Director of Schools shall have the authority to modify this suspension requirement on a case-by-case basis. Zero Tolerance acts are as follows:

Every effort will be made to insure that classes and teachers are not disturbed during class time. Students are not allowed to bring visitors to school.

School officials may prohibit any person from entering school property that disrupts the educational environment or poses a threat to students or staff, even if that person is a parent. Pursuant to T.C.A. section 49-2-303, a principal has the duty to:

Also T.C.A. section 49-6-2008 addresses this issue. The statute is as follows:

- a. In order to maintain the conditions and atmosphere suitable for learning, no person shall enter onto school buses, or during school hours, enter upon the grounds or into the buildings of any school, except students assigned to that bus or school, the staff of the school, parents of students, and other persons with lawful and valid business on the bus or school premises.

b. Any person improperly on the premises of a school shall depart on the request of the school principal or other authorized person.

c. A violation of subsection (a) is a Class A misdemeanor.

Each day's unlawful absence shall constitute a separate misdemeanor.

STEWART COUNTY BOARD OF EDUCATION ATTENDANCE POLICY

Recognizing that absenteeism is a hindrance to efficient education of students and that punctuality and regularity of attendance affect the progress of a student at school, the Stewart County Board of Education has adopted the following attendance policy. The parents/guardian or other person having charge and control of a child is held responsible for the child's regular school attendance.

A student's absence is determined to be "excused" or "unexcused" and is based on the following information:

EXCUSED ABSENCES

1. The student's personal illness or hospitalization. A physician's statement or parent conference may be required at any time should the principal or the Director of Attendance deem it necessary. If the illness or the hospitalization is to exceed ten (10) consecutive days, the parent/guardian should apply for homebound instruction.
2. An illness or incapacitating condition of a family member which requires the temporary help of a student. (A physician's statement may be required).
3. A death in the immediate family. (Family includes parent, stepparent, guardian, grandparent, brother, sister, stepbrother/sister, aunt and uncle.)
4. Recognized religious holidays/events. Parents and guardians are requested to inform the school principal prior to a student being absent from school for religious holidays/events.
5. Required court appearances. A student may be excused from school attendance for required court appearances. (Verification from appropriate authorities must be provided.)

6. Agricultural activities of the immediate household in which the student is residing.
7. Other emergency or unusual extenuating circumstances beyond the control of the student. These must be approved by the school personnel.

Students and parents have the right to appeal any attendance matter to the attendance review committee.

UNEXCUSED ABSENCES

Absences for reasons other than those stated above may be for reasonable cause but are considered to be “unexcused” for official school record keeping and attendance purposes.

STUDENT ATTENDANCE GRADES K-5

In order to meet the requirements for promotion, a student in the Stewart County School System must have an approved record of attendance. An approved record of attendance is considered to be 90% or above. A student with unexcused absences in excess of 10% or (18 days) each year may be referred to the Truancy Review Board. Attendance for promotion will be determined at the end of the school year.

The attendance of students who have not reached the age of six (6) shall be satisfactory. Unsatisfactory attendance that is not supported by an adequate excuse may result in the suspension of a student for an indefinite period of time.

THE FOLLOWING INFORMATION APPLIES TO ALL SCHOOLS

SCHOOL RELATED ACTIVITIES

Off-campus and/or out-of-school activities shall be counted as attendance only when school directed, with prior approval of the principal.

APPEALS PROCESS

Students/guardians have the right to appeal any attendance matter to an attendance review committee.

PROCEDURES FOR ABSENCES:

A guardian must notify the school by phone or note of the student’s absenteeism the day of the absence or before 8:00 a.m. of the day he/she returns to school.

PROCEDURES FOR TARDINESS

When arriving late for school, the student should be accompanied by the parent/guardian or have a note or phone call from the parent/guardian prior to the student’s arrival explaining the student’s tardiness.

PROCEDURES FOR EARLY DISMISSAL

Students shall not be permitted to leave school premises during the school day without request of the parent/guardian and the approval of the office.

STUDENTS AND GUARDIANS ARE ENCOURAGED TO REFER TO THE HANDBOOKS OF EACH SCHOOL FOR SPECIFIC INFORMATION ON POLICIES AND PROCEDURES.

IMPLEMENTATION OF ATTENDANCE POLICY (ELEMENTARY SCHOOLS)

1. Parent notification after a total of twelve (12) absences (excused or unexcused), documented by letter or phone call.
2. Students notification between 10 and 15 absences by principal or his/her designee (date documented).
3. Attendance Supervisor notified of unverified absence for further action.
4. During and at the end of the school year, the principal will solicit teacher referral of students with passing grades and more than 18 absences.
5. Call or mail letters to parents to discuss their child's absences.

REPORTING PROCEDURE FOR UNEXCUSED ABSENCES (SYSTEM-WIDE)

1. If and/or when a student commits his/her fifth (5th) unexcused absence, a letter will be sent to the parents or guardian.
 2. If a student continues to miss school without adequate excuse after five (5) unexcused absences, that student's name and the facts of such unlawful absences will be reported to the juvenile authorities.
3. Parents or guardian will be re-notified by the superintendent or his/her designee after each successive five (5) day period of unexcused absences.

Student Records

Each student in our schools has a permanent and a temporary record to which parents have access. Parents of students and eligible students may inspect and review the student's education records upon written request. Parents should submit to the school administration a request which identifies as precisely as possible the records that he/she wishes to inspect, and the administration will contact the same to discuss how access will best be arranged as promptly and practicable as possible. This inspection procedure will take place in as timely a manner as possible, but must be completed within 45 days.

A. Student's Permanent Record contains the following information:

1. Basic identifying information, including student and parents' names and addresses, birth date, and place and gender
2. The academic transcript, including grades and the grade level achieved
3. The attendance record
4. Any accident reports and the health record
5. A record of release of permanent record information

The student permanent record will be maintained for a period of 60 years after the student has transferred, graduated, or otherwise permanently withdrawn from the Stewart County School District.

B. The cumulative folder, which is the student's temporary record, consists of all information not required in the permanent record. It may include:

1. Family background information
2. Intelligence test scores, group and individual
3. Aptitude test scores
4. Reports of psychological evaluations including information on intelligence, personality and academic information obtained through test administration, observation, or interviews
5. Elementary and secondary achievement level test results
6. Participation in extracurricular activities including any offices held in school sponsored clubs or organizations
7. Honors and awards received
8. Teacher anecdotal records
9. Disciplinary information
10. Special education files including the report of the multi-disciplinary staffing on which placement or non-placement was based, and all records and tape recordings relating to special education placement hearings and appeals
11. Any verified reports or information from non-educational persons, agencies or organizations
12. Other verified information of clear relevance to the education of the student
13. Record of release of temporary record information

The temporary record will be reviewed every four years or upon change in attendance centers, whichever occurs first, for destruction of out-of-date information. When a student transfers to another school district, the temporary record will be sent upon receipt of a signed permission slip from parent or guardian and a request from the new school district.

C. Parents/students have the right to inspect and copy:

1. The student permanent record
2. The student temporary record
3. Any student record proposed to be destroyed or deleted from the student records

The cost for copying student records is \$.30 per page. This fee will be waived for those persons unable to afford such costs.

D. Parents shall have the right to challenge any entry exclusive of grades in the school student records on the bases of:

1. Accuracy
2. Relevance, and/or
3. Propriety

This right includes the right to challenge the information contained in the student record(s) prior to the transfer of the record(s) to another district in the event of the child/children's transfer to another school system. The procedures for challenging the contents of student records are available in written form from the principal or superintendent. Parents will receive a copy of these procedures upon their request.

Parents also have the right to insert into their child's student record a statement of reasonable length stating their position concerning any disputed information in the record. This statement will be included whenever the disputed information is released.

E. Parents have the right to control the release of student records. The release of records requires the prior, specific, dated written consent of the parent. It also must designate the person to whom the records are released, the reason for the release, and the specific records to be released. Parents may limit their consent to specific records to be released. Parents may limit their consent to specific records or parts of records and request a copy of the released information.

F. There are persons, agencies, and organizations which have access to student records without parental consent. They include:

1. The records custodian of another school system into which the child/children transfer(s) if parents make no objection within 10 school days, to the contents of the school records listed in the notice to transfer records
2. Persons authorized, as required by state or federal law. In such cases parents will receive prior written notice of the nature and substance of the information to be released and an opportunity to inspect copy and/or challenge such information. If this release of information relates to more than 25 students, such prior notice may be given in a local newspaper of general circulation or other publication directed generally to parents
3. The school shall grant access to, or release information from, school student records without parental consent or notification:

A. To an employee or official of the school district or the State Board of Education, provided such employee or official of the State Board of Education has a current demonstrable educational or administrative interest in the student and the records are in furtherance of such interest

B. To any persons for the purpose of research, statistical reporting, or planning, provided that:

1. Such person has the permission of the State Commissioner of Education, and,
2. No student or parent can be identified from the information released

C. Pursuant to a court order, provided that the procedures outlined in IL Rev. Stats 1975, Ch. 122, Article 50 - 6(a), (5) are observed.

Stewart County School System

Federal Programs

The federal government provides funds for the following programs within a school system: Title I, Title II, Title III, Title IV, Title V, Migrant and Homeless. Stewart County meets the criteria to receive funds in the following federal programs:

Title I – Both elementary schools meet the qualifications to be Title I School Wide schools. The qualifications are based on the number of students receiving free and reduced lunches. Every student is considered a Title I student in a school wide school. The purpose of Title I is to work with students who are at-risk of failing.

Title II – Federal funds provide staff development opportunities for teachers in areas of science and math.

Title IV – Federal funds are provided to ensure a safe and drug free environment. These funds are used for programs such as DARE, GREAT, etc.

Title V – Federal funds are used for staff development opportunities as well as parent trainings and supplies used through The Center for Teaching and Learning.

At the present time, Stewart County does not meet the criteria to receive funds for Migrant and Homeless. However, if you have questions about these programs or those mentioned above or you know of a migrant or homeless child in our community, please contact the Board Office at 232-5176.

No Child Left Behind

It is the intent of No child Left Behind, a federal mandate by President George W. Bush, that every teacher be “highly qualified”. By January 2006, teachers must be fully endorsed in the area they teach. If you have questions concerning your child’s teacher, please contact the school.

If a teacher who is not “highly qualified” is employed for over four weeks, parents will be notified in writing.

Parents also have the right to request that their child's name, address and telephone number not be released to a military recruiter without prior written consent.

Acceptable Computer Network and Internet Use Policy Stewart County School System

The Stewart County School System (SCSS) offers Internet access for faculty and student use. This document contains the Acceptable Use Policy for student users of the SCSS Computer Network and Internet resources.

A. EDUCATIONAL PURPOSE

1. The SCSS Computer Network has been established for a limited educational purpose. The term "educational purpose" includes classroom activities, career development, and limited high-quality self-discovery activities.
2. The SCSS Computer Network has not been established as a public access service or a public forum. SCSS has the right to place reasonable restrictions on the material you access or post through the system. You are also expected to follow the rules set forth in the SCSS Disciplinary Code and the law in your use of the SCSS Computer Network
3. You may not use the SCSS Computer Network for commercial purposes. This means you may not offer, provide, or purchase products or services through the SCSS Network.
4. You may not use the SCSS Computer Network for political lobbying. But you may use the system to communicate with elected representatives and to express your opinion on political issues.

B. STUDENT INTERNET ACCESS

1. All students will have access to Internet World Wide Web information resources through their classroom, library, or school computer lab with permission of parent or guardian.
2. At this time, e-mail accounts and personal web pages are not being issued to students. If and when these resources are allowed, additional conditions will be added to the Student Acceptable Use Policy to address the additional responsibilities which accompany these items.

C. UNACCEPTABLE USES

The following uses of the SCSS Computer Network are considered unacceptable:

1. Personal Safety
 - a. You will not post personal contact information about yourself or other people. Personal contact information includes your address, telephone, school address, work address, etc.
 - b. You will not agree to meet with someone you have met on-line without your parent's approval. Your parent should accompany you to this meeting.
 - c. You will promptly disclose to your teacher or other school employee any message you receive that is inappropriate or makes you feel uncomfortable.
2. Illegal Activities

- a. You will not attempt to gain unauthorized access to the SCSS Computer Network or to any other computer system through the SCSS Computer Network or go beyond your authorized access. This includes attempting to log in through another person's account or access another person's files. These actions are illegal, even if only for the purposes of "browsing".
- b. You will not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses or by any other means. These actions are illegal.
- c. You will not use the SCSS Computer Network to engage in any other illegal act, such as arranging for a drug sale or the purchase of alcohol, engaging in criminal gang activity, threatening the safety of person, etc.

3. System Security

- a. You are responsible for your individual account and should take all reasonable precautions to prevent others from being able to use your account. Under no conditions should you provide your password to another person.
- b. You will immediately notify a teacher or the system administrator if you have identified a possible security problem. Do not go looking for security problems, because this may be construed as an illegal attempt to gain access.
- c. You will avoid the inadvertent spread of computer viruses by following the District virus protection procedures if you download software.

4. Inappropriate Language

- a. Restrictions against Inappropriate Language apply to public messages, private messages, and material posted on Web pages.
- b. You will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language.
- c. You will not post information that could cause damage or a danger of disruption.
- d. You will not engage in personal attacks, including prejudicial or discriminatory attacks.
- e. You will not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If you are told by a person to stop sending them messages, then you must stop.
- f. You will not knowingly or recklessly post false or defamatory information about a person or organization.

5. Respect for Privacy

- a. You will not repost a message that was sent to you privately without permission of the person who sent you the message.
- b. You will not post private information about another person.

6. Respecting Resource Limits.

- a. You will use the system only for educational and career development activities and limited, high-quality, self-discovery activities. There is no limit on use for education and career development activities.
- b. You will not download large files unless absolutely necessary. If necessary, you will download the file at a time when the system is not being heavily used and immediately remove the file from the system computer to your personal computer.
- c. You will not post chain letters or engage in "spamming". Spamming is sending an annoying or unnecessary message to a large number of people.

7. Plagiarism and Copyright Infringement

- a. You will not plagiarize works that you find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were yours.
- b. You will respect the rights of copyright owners. Copyright infringement occurs when you inappropriately reproduce a work that is protected by a copyright. If a work contains language that specifies appropriate use of that work, you should follow the expressed requirements. If you are unsure whether or not you can use a work, you should request permission from the copyright owner. Copyright law can be very confusing. If you have questions ask a teacher.

8. Inappropriate Access to Material

- a. You will not use the SCSS Computer Network to access material that is profane or obscene (pornography), that advocates illegal acts, or that advocates violence or discrimination towards other people (hate literature). A special exception may be made for hate literature if the purpose of your access is to conduct research and both your teacher and parent have approved.
- b. If you mistakenly access inappropriate information, you should immediately tell your teacher, librarian, or another district employee. This will protect you against a claim that you have intentionally violated this Policy.
- c. Your parents should instruct you if there is additional material that they think it would be inappropriate for you to access. The district fully expects that you will follow your parent's instructions in this matter.

D. YOUR RIGHTS

1. Free Speech

Your right to free speech, as set forth in the SCSS Disciplinary Code, applies also to your communication on the Internet. The SCSS Computer Network is considered a limited forum, similar to the school newspaper, and therefore the District may restrict your speech for valid educational reasons. The District will not restrict your speech on the basis of a disagreement with the opinions you are expressing.

2. Search and Seizure

- a. You should expect only limited privacy in the contents of your personal files on the SCSS Computer Network. The situation is similar to the rights you have in the privacy of your locker.
- b. Routine maintenance and monitoring of SCSS Computer Network may lead to discovery that you have violated this Policy, the SCSS Disciplinary Code, or the law.
- c. An individual search will be conducted if there is reasonable suspicion that you have violated this Policy, the SCSS Disciplinary Code, or the law. The investigation will be reasonable and related to the suspected violation.
- d. Your parents have the right at any time to request to see the contents of your e-mail files.

3. Due Process

- a. The District will cooperate fully with local, state, or federal officials in any investigation related to any illegal activities conducted through the SCSS Network.
- b. In the event there is a claim that you have violated this Policy or the SCSS Disciplinary Code in your use of the SCSS Network, the matter will be addressed in accordance with the SCSS Disciplinary Code.
- c. If the violation also involves a violation of other provisions of the SCSS Disciplinary Code, it will be handled in a manner described in the SCSS Disciplinary Code. Additional restrictions may be placed on your use of your Internet account.

E. LIMITATION OF LIABILITY

The District makes no guarantee that the functions or the services provided by or through the District system will be error-free or without defect. The District will not be responsible for any damage you may suffer, including but not limited to, loss of data or interruptions of service. The District is not responsible for the accuracy or quality of the information obtained through or stored on the system. The District will not be responsible for financial obligations arising through the unauthorized use of the system.

F. PERSONAL RESPONSIBILITY

When you are using the SCSS Computer Network, it may feel like you can more easily break a rule and not get caught. This is not really true because whenever you do something on a network you leave little "electronic footprints," so the odds of getting caught are really about same as they are in the real world.

But the fact that you can do something or think you can do something without being caught does not make it right to do so. Even if you don't get caught, there is always one person who will know whether you have done wrong -- and that person is you. Your use of the Internet can be a mirror that will show you what kind of a person you are.
