

COVID-19 Letter from Director of Schools

Dear Parents/Guardians:

Please continue to monitor your child and family for COVID-19. If you or your child becomes ill, your medical provider will determine whether testing is needed and what care should be provided.

Our system follows CDC and Tennessee Department of Health recommendations to reduce the spread of COVID-19. In an effort to keep children, families, and school personnel safe, we are continuing to encourage healthy habits such as use of hand sanitizers, frequent handwashing, and increased routine cleaning within our schools.

You can assist by following these CDC recommendations:

- Stay home if feeling sick even if symptoms are mild.
- Avoid close contact with people: 6 ft or less for 15 minutes or longer.
- Use face coverings in areas where social distancing is difficult to maintain.
- Cover coughs and sneezes with a tissue or sleeve.
- Wash hands often with soap and water or use an alcohol-based hand sanitizer.
- Avoid touching the eyes, nose and mouth with unwashed hands.
- Clean and disinfect surfaces that are touched often.
- Get a COVID-19 vaccination.

If your child tests positive or has close contact with a positive person, contact their school nurse. The Department of Health will contact you with further instructions.
